NO. 47.

"Dod" Walters Brought Back.

"Dod" Walters, charged with murder in the Estill Circuit Court was arrested last week and brought to Irvine for trial. The case against him is said to be pretty strong and a conviction is almost certain.

Will Remain in Clark.

Mr. M. L. Thomas bought Saturday of Thos. I. Davis forty-four acres of land with improvements, two miles from town on the Mt. Sterling pike, for \$5,200 cash. Possession given December 1st. We are glad to have Mr. Thomas remain in Clark county.—Winchester Democrat.

Mr. Thomas is a native of Estill county and is well-known to many of our readers.

Drilling for Oil.

The Dudley Oil and Gas Co., of Lexington, of which Capt. S. F. Rock, of this city, is president, is now drilling a well on Crooked creek seven miles south of Irvine on the Jones Lick anti-clinal. The company expects to strike oil in the Hudson formation at about 700 feet. They have also moved a large size Star drilling machine onto the Dudley lands near Beatyville in Lee county. Oil is expected here at a depth of 1,000 to 1,500 feet. All known oil horizons lie beneath the surface of the valleys in this section. Several wells will be drilled on completion of those mentioned.—Richmond Register.

Three Claimants.

John D. White, who ran as an independent Republican candidate for Congress in the recent election in the Eleventh district against two other Republican candidates, is now also claiming the victory. He says he has won in spite of the numerous frauds perpetrated against him.

He claims the first reports were unmercifully padded and says the correct official count will prove this a fact.

Edwards and Hunter are each still claiming the victory.

Lexington is to have a large coffee roasting plant, employing several laborers.

Disastrous Wrecks.

Carelessness is responsible for many a railway wreck and the same causes are making human wrecks of sufferers from Throat and Lung troubles. But since the advent of Dr. King's New Discovery for Consumption, Coughs and Colds, even the worst cases can be cured, and hopeless resignation is no longer necessary. Mrs. Lois Cragg of Dorchester, Mass., is one of many whose life was saved by Dr. King's New Discovery. This great remedy is guaranteed for all Throat and Lung diseases by Swann-Day Lbr. Co's. Price 50c, and \$1.00. Trial bottles free.

The oil refinery at Lexington so much talked about a few months back, has fallen through.

An Old Postmaster.

Richard Jewell, the oldest postmaster in Kentucky is dead. He was appointed by Franklin Pierce and took charge of the Wilsonville postoffice in 1855, and has held the office continually ever since, and at the time of his death, was the oldest postmaster in the State from the point of continuous service.

A Valuable Tree.

A syndicate of Eastern capitalists are trying to purchase a large walnut tree standing on Sturgeon Creek, Lee county. This tree is 85 feet high, 14 feet 2 inches around, and will cut 5 12 foot logs. Three thousand feet of lumber can be cut therefrom, and it is acknowledged to be the largest yet found in that county. Ten thousand dollars has been refused for it by the owner, who is said to be poor.—Winchester Democrat.

Irvine Items.

[Irvine Herald.]

Wm. Hather left Tuesday for St. Louis with a view of locating there.

Rev. Hagan preached at the Christian church Sunday and Sunday night.

Some much needed repairs are being made on the court house. The court room is to be ceiled with steel.

Gaylon Cox, who has been at Denver, Colo., for several months, returned to his home at Wisemantown last week.

Capt. S. F. Rock, of Richmond, was here this week and talks encouragingly of his company's oil prospects on Crooked Creek.

Jno. A. Wallace B. F. Jacobs, George Williams and E. Conroy were elected trustees for the town of Irvine last Tuesday.

Luther Scott and wife, Walter Scott and wife, Mrs. Wm. White and Mrs. T. Noland, of Wisemantown, were the guests of Mrs. J. B. White Sunday.

Mrs. Lou L. Jackson has just received a letter from her brother, Rev. D. Clay Lilly, who left in last month for Edinburgh, Scotland, to attend the University. He arrived in Edinburgh after a safe passage across the Atlantic.

and anticipates a good year in college.

Messrs. David Powell, of Miller's Creek, and Henry Neal, of Irvine, were in the city Tuesday last.

Alfred Killen indicted for the murder of Caswell Bowen by the grand jury last week and who was taken to Winchester for safe keeping, was brought back to Stanton Monday and is now on trial for his crime.

J. W. Henry, the photographer, is taking an outing this week. The rabbits and opossum will be given no terms but "unconditional" surrender. He is thoroughly equipped for war and will move on the intrenchments at once.

Mr. Sam Everett, late of Wichita, Kansas, but now an unpretentious citizen of Estill county, spent Tuesday night with Samuel Walters at his suburban villa. Mr. E. is a college-mate of Senator Joe C. S. Blackburn and other famous people turned out by the renowned Center College of Danville, and, it is said, excelled all his classmates in quickness of perception and acquisition of learning. He occupies a comparatively humble position in the world, whilst they, once his inferiors in point of talent, now hold exalted places. Verily, dame fortune is a fickle mistress.

A Runaway Bicycle.

Terminated with an ugly cut on the leg of J. B. Orner, Franklin Grove, Ill. It developed a stubborn ulcer unyielding to doctors and remedies for four years. Then Bucklen's Arnica Salve cured. It's just as good for Burns, Scalds, Skin Eruptions and Piles. 25c at Swann-Day Lbr. Co's. store.

A Self-Evident Fact.

An exchange says we are constantly being asked by our readers if such and such an advertising "doctor" is reliable. We wish to answer once for all that it ought to be self evident that a physician who is possessed of extraordinary skill does not have to advertise to get patients. The displayed advertising quack, as a rule, has but one object in view viz., to get all of your money that he can.

Doesn't Respect Old Age.

It's shameful when youth fails to show proper respect for old age, but just the contrary in the case of Dr. King's New Life Pills. They cut off maladies no matter how severe and irrespective of old age. Dyspepsia, Jaundice, Fever, Constipation all yield to this perfect Pill. 25c, at Swann-Day Lbr. Co's. store.

Corn Husking Time.

When the sun shines bright and the gay leaves fall, And the quail is giving his cheery call, When the Indian summer's at its prime, Then is the proper husking time!

When the rain-soaked fodder begins to freeze, Is there any sight that is more forlorn Than the shivering farmer husking corn?

—FARM JOURNAL

Not A Sick Day Since.

"I was taken severely sick with kidney trouble. I tried all sorts

of medicines, none of which relieved me. One day I saw an ad. of your Electric Bitters and determined to try that. After taking a few doses I felt relieved, and soon thereafter was entirely cured, and have not seen a sick day since. Neighbors of mine have been cured of Rheumatism, Neuralgia, Liver and Kidney troubles and General Debility." This is what B. F. Bass, of Fremont, N. C. writes. Only 50c. at Swann-Day Lumber Co's.

Farm For Sale.

Ninety acres of good land well improved, at Lilly's Ferry, one mile west of Spout Spring. Well watered, fine orchard, good dwelling of six rooms and all necessary outbuildings. Good neighborhood and other conveniences. Will sell at a bargain. ALLEN OSBORN, Spout Spring, Ky.

The Balance Wheel

Look inside your watch a moment. The balance wheel is making 18,000 vibrations an hour, if it's in good condition. If the movement is sluggish, there's something wrong. It will move 3,558 miles in a year, and requires less than one-tenth of a drop of oil to make it run. But it needs that little badly. The least degree of friction on the bearings alters the motion. Don't take chances. Let me clean and oil and put your watch in order for a year. It will pay and satisfy you.

Ahead in Flour?

Well, we should say so! So far ahead that our

Best Patent and Mountain Lily

have become standard brands. There are hundreds of flours to choose from, but the housewives know that MANSEFIELD'S is the best. It is milled from the very best wheat on an up-to-date roller mill, run by water power. It is white and has the natural taste and flavor of the wheat berry. That is why we are ahead in flour.

Buy it from your grocer. No greater cost, but much greater value.

SPOUT SPRING.

James F. McKinney is below on business this week.

Joe McKinney, of Clark county, has been at home for a few days this week.

R. Hood Curtis and wife visited J. W. Tipton and family at Clay City Sunday.

Joe King, of Wade's Mill came up Saturday with teams to move his father back to Clark county.

Our popular school Ma'am Miss Lillie Tipton attended the Teachers' Association at Irvine Saturday.

J. Lyman King has again moved to the Bluegrass. Mr. King is a good fellow and may yet plant his spring crop of corn in old Estill.

Mr. and Mrs. Austin R. Lowry, of Pilot View, Clark county, came up Sunday to visit the family of the latter's father, W. J. Christopher.

The hand of affliction still rests upon the family of Zeke Conner. He has another child down with fever, making three cases in his family this fall.

T. S. McKinney has successfully moved the house he recently bought of W. J. Barnett and safely planted it on its new foundation near the school house on his new farm.

Misses Dollie and Nannie Christopher entertained a number of their young friends Saturday night at their pleasant home. All present report the occasion a most pleasant one.

Charlie Crow has rented and moved into the McKinney property at the spring. He has also opened up a blacksmith shop in the village and we bespeak for him a flourishing business in his new location.

Services at the Baptist Church Saturday and Sunday were well attended considering the conflicting appointments at two neighboring churches. The congregation was well pleased with Elder Brandenburg's preaching, and he was engaged to supply for the church at the regular meeting in December which is the first Saturday and Sunday—the 5th and 6th.

We Take no Stock.

Occasionally we receive advertising propositions from some mining company wanting to trade stock in their company for advertising space in our paper, the prime object of which is to lute our readers. According to their prospectus, any one owning a few of the limited number of shares they offer at 50 cents to the dollar is sure to become rich, and they ask that we give our readers a chance to obtain a fortune in a short time. As we like to see our property once in a while and haven't the time to go out to the mine and view the huge blocks of gold as they are rolled out, we consign the proposition to the waste basket with a clear conscience for having rejected a proposition which might have fleeced several of our readers of their hard earned cash.

There certainly is a better way of disposing of surplus cash than investing in mining stock—subscribing for the local paper for instance.

"Oily James" at Work.

Hon. Ollie James, one of Kentucky's leading Congressmen, has introduced a bill in the Lower House, providing that when one governor refuses to recognize the requisition of another governor, the latter may file the requisition and affidavit charging the alleged crime with the United States Circuit Judge, who shall thereupon issue a warrant for the arrest of the fugitive.

The prime object of this bill is to enact a law by which the authorities may force the surrender of Taylor and Findley from the Indiana protectotote.

Candidates Galore.

From what we can learn this district is full of Congressional aspirants. Among them being, former Congressman J. B. White, of Irvine, F. A. Hopkins, of Floyd county and the present incumbent, Judge J. E. Cooper, of Montgomery county, Judge D. B. Redwine, of Breathitt county and A. Floyd Byrd, of Wolfe county. Either of these gentlemen would make an admirable Congressman and no mistake will be made in selecting any one of the above number.

A Massachusetts youth, aged eleven and another in Pennsylvania aged thirteen, each shot and killed a playmate the other day. This is enough to make even old Kentucky blush.

Municipal candidates in much smaller villages will feel envious when they read Mr. McClellan's affidavit that it cost him nothing to be elected Mayor of New York.

School Days.

School days are the spring time of life; a season of sowing. It is then that the seeds of character and future usefulness are sown; seeds that spring up either to our honor and advancement or to our degradation.

In these bright days of life's morn we are laying the foundation of a character which must survive for all eternity. A character which will make us to be respected as persons of integrity and steadfastness, or dreaded as the hooded serpent of Egypt. Laying the foundation upon which will be erected a life of usefulness, honor and glory—a blessing to the human race or a life a curse to itself and all with whom it comes in contact. These are the days above all others when we should apply ourselves diligently to the improvements of our minds. The halcyon days of youth will soon be past never to be recalled, and the responsibilities of life will soon be crowded upon us. Will we be prepared?

The boys of today will one day be the men who must govern this nation. Whether they be prepared to take the helm when their fathers desert the ship of state rests solely with them. They alone can fit themselves for guiding the grand old ship over the bounding billows of time, steering clear of rocks and sand-bars; and if they are not such as they should be, soon in the dizzy whirl of the maelstrom that ship must sink forever. Whatever they desire to make themselves, that they can be. But only by untiring, persevering effort can they hope to attain to heights of honor and fame. The hill of science is rugged, and only those who are determined ever reach the summit. At all times remembering:

"The heights by great men reached and kept
Were not attained by sudden flight;
But they while others dreamed or slept,
Were toiling upward in the night."

Though at times the way appears gloomy, yet we remember that by and by the clouds will roll away, and then our pathway will be illumined by the silvery light of success. Let us not become dazzled or disheartened when gazing at the hero standing on the topmost round of the ladder of fame, but remember that once he was standing at the foot of that ladder, and that he climbed round after round to the high position he now occupies. Life is so full of duties. There is something for each one to do, but our part in this grand drama is quickly acted. Let us then appreciate our school days knowing that, "Whatsoever we sow that shall we also reap." Let us ever strive after the good, the noble, the true, following in the footsteps of those who "On Fame's eternal camping ground Their silent tents have spread."

Peculiarly Shot.

Thomas Hardin, a 16 year-old Bath county lad, shot himself in a peculiar way, and died from the wound. He was sitting before the fire carelessly handling a revolver when it was discharged, the bullet striking the fire-place and rebounding, striking the young man in the stomach.

Habit Worse Than the Disease.

Dr. Miles' Nervine Cured Me.

When the nervous system has been shattered by the use of deadly drugs there is nothing to equal Dr. Miles' Nervine in restoring it to health and normal activity.

"I feel so grateful for what Dr. Miles' Restorative Nervine has done for me that I must tell it for that part of humanity that suffers as I have. During the three years I suffered from nervous prostration I found no relief except when doctors gave morphine. To get rid of suffering I took morphine myself as it was the only thing that would give ease, and now you, who point with scorn at morphine using, how could you, when in such agony, knowing it about the only thing that would give relief, resist it? I knew it was a terrible habit and I knew of its deadly grasp, but I never fully realized its significance until I had used it a number of months. Oh, the misery of being addicted to such a habit. I resolved then and there to quit it and resolved I would never be a slave to any such demon. About this time I happened to notice Dr. Miles' Restorative Nervine advertised and ordered a bottle. After using five bottles I can truthfully say I am cured of using morphine. Now, however much persons may doubt it, God is my witness I am cured. This testimonial is unsolicited but I feel it my duty to give it for the benefit of the suffering."—MATTIE PHILLIPS, Prescott, Ark.

One of my children was taken with cramp colic and suffered severely," says S. B. Elzee, of Montett, Mo. The Best Remedy for Croup.

[FROM ATCHINSON, KAN., GLOBE.] This is the season when the women who know the best remedies for croup are in demand in every neighborhood. One of the most terrible things in the world is to be awakened in the middle of the night by a whoop from one of the children. The croup remedies are almost as sure to be lost, in case of croup, as a revolver is sure to be lost, in case of burglars. There used to be an old fashioned remedy for croup, known as hive syrup and tolu, but some modern mothers say that Chamberlain's Cough Remedy is better, and does not cost so much. It causes the patient to "throw up the phlegm" quicker, and gives relief in a shorter time. Give this remedy as soon as the croupy cough appears and it will prevent the attack. It never fails and is pleasant and safe to take. For sale by all dealers in patent medicine.

Numerous Hunters.

The bird law opened Sunday, Monday being the first week day, and good use of the time seems to be being made by the sportsmen. Several however have taken time by the forelock and intruded upon the law before the legal time arrived. It seems to be a hard matter to get at these law violators, though it should be rigidly enforced. Hunters should not forget to get permission from land owners before killing any game or shooting on their premises.

LIVER TROUBLES

"I find Thedford's Black-Draught a good medicine for liver disease. It cured my on after he had spent \$100 with doctors. It is all the medicine I take."—MRS. CAROLINE MARTIN, Parkersburg, W. Va.

If your liver does not act regularly go to your druggist and secure a package of Thedford's Black-Draught and take a dose tonight. This great family medicine frees the constipated bowels, stirs up the torpid liver and causes a healthy secretion of bile.

Thedford's Black-Draught will cleanse the bowels of impurities and strengthen the kidneys. A torpid liver invites colds, biliousness, chills and fever and all manner of sickness and contagion. Weak kidneys result in Bright's disease which claims as many victims as consumption. A 25-cent package of Thedford's Black-Draught should always be kept in the house.

"I used Thedford's Black-Draught for liver and kidney complaints and found nothing to excel it."—WILLIAM COFFMAN, Marblehead, Ill.

New Idea Woman's Magazine.

Have you ever asked yourself, in your quieter moments, "What was the happiest day of my life?" A group of clever and celebrated women have formed a symposium for the December number of the New IDEA WOMAN'S MAGAZINE and have given their several experiences during the one happiest day of their lives, and the result is exceedingly interesting. This issue is the Christmas number, and the spirit of the holiday season prevails in its pages. Valuable suggestions for gifts, for feasting and for house decoration are in evidence, and many new ideas are advanced. The number is also exceedingly rich in good fiction and verse, and is entertaining from cover to cover.
